

Walton Fire Fighter Memorial - Boy Scout Project

About The Project:

The purpose of this Boy Scout project is to construct a memorial for those who served in the Walton Fire Protection District and in the fire service. The monument will be located at the Walton Fire Protection District, for the public to visit. The firefighters in our city have been honorably serving for decades, this Boy Scout project will help honor those who have dedicated their lives to the fire service and to the Walton Fire Protection District. We are accepting donations to help fund the project, if you donate \$50 or more you can purchase a personalized brick placed in the ground around the monument, see back for details.
